

50648/RVW/T522

ABSTRACT OF THE DISCLOSURE

A grip for attachment to a firearm is provided. The firearm grip includes a housing having an internal storage cavity and a pull tab fixedly attached to the housing. The pull
5 tab includes a body and a stopper attached to the body, which
removably engages a wall that defines an open end of the
internal storage cavity to removably cover the internal storage
cavity.
